Features of Civilizations

We have spent the last few weeks studying a variety of features that make up a civilization. Our final project for this unit is a poster outlying the six features of a civilization (stable food supply, social structure, government, religion, art/technology, and writing).

You are going to create a 12" x 18" poster describing the six characteristics in a civilization. **The final draft of your poster must be written in pen or typed and your pictures must be colored neatly with colored pencil.**

Each characteristic should have the following (see below sample):

- title of the feature on the door
- a description of the Sumerian feature on the inside flap of the door.
- an illustration (no stick people) of the feature in the door.

We will be working on this project in class, but you will also be required to work on it for homework. The more time and effort you put forth, the better it will be!

Features of Civilization		
Stable Food Supply	Illustration	Feature Summary
Government	Religion	
Arts and Technology	Writing	

This **100 point** project will be graded with the following rubric:

Please cut and staple this rubric to the back of your project before turning it in

Name _____ Parent Signature _____

Parent notification signature	/10
Written descriptions (accurate information, correct spelling grammar and punctuation)	/60
Organization (title, description, illustration in correct location)	/18
Overall Presentation (Project is neat and effort is obvious)	/8
Correct Heading (should be placed on the back of project)	/4
Total	/100
